### Vote Mike Galime For Mayor

Fellow Utican,

Over the last year, I've personally walked your neighborhoods and listened to the issues that affect us the most.

I care too much about this city to leave certain things unsaid. Utica has a choice to make:

- Professionalism over inexperience
- Responsibility over uncertainty
- Honesty over corruption

I value facts, trust, and the concerns of the people above all else. We need to elect a person, not a politician. How I lead my life is how I will lead our city.

I've built a resume of integrity and trust, committed to leading an open government as council president. Now it's time for a new style of leadership. I have the experience, knowledge, and plan to move the city forward. I've built my life and career here, and now I am ready to be Mayor.

Everything we do as a city depends on the strength of public safety. That is why public safety is priority number one.

Election Day is November 7th, and I am asking for your vote.

Thank you,  
Mike Galime

### Committed to Caring for our City

"Fortunately, there are still a few interested ambitious members of the younger generations willing to become actively and personally involved in serving the public through government and community service." He realized he felt too much pride in the city, along with an inherent sense of obligation to simply remain on the sidelines or become a spectator.
